Box of Hope – Poems by children

Aisha Jassat
Year 2
Apex

I have clothes to wear
and food to eat
and parents who look after me.

She has no one to care,
no clothes to wear
and she's probably hungry.

Be thankful to Allah
and never complain
and always remember to say Alhamdulillah.

I know I have everything,
and she has nothing
That's why it's good to share.

I will feel happy
when she gets the box
and she will be happy too, inshallah.

This is beautiful!
It made me so happy to read.

Letter

Dear children,

I am sending you a letter because I felt sad because you were poor. So I am giving you clothes and toys in a sparkly and nice box. Allah will help you keep safe inshallah. I would like to meet you but only if I come to Pakistan.

This is a beautiful letter!

Box of hope

When I put clothes into that
box,

I thought I should put in a toy
fox!

When I put toys into that box,
instead I in my favorite - Socks!
I feel so happy that im helping
someone,

and as well as that im having
lots of fun.

I hope the person is having
as much fun,

now that they can run around in
there new clothes in the
Sun! Brilliant work! STAR ★

(Poem) The box of hope

When I was giving the things to the needy when I was giving the things I was giving the things that I loved. At the time of filling the box I felt sad but when I finished I felt happy I felt sad because I'll miss those things but I remembered this is going to the needy and Inshallah Allah will give me reward for this.

This is a beautiful poem
Tafaha.
