“Verily, God does not look at your bodies or your appearances, but looks into your hearts”

‘The doors of Sadaqah are...guiding the blind; listening to the deaf and mute until you understand them; guiding a person to his object of need if you know where it is; hurrying with the strength of your legs to one in sorrow who is appealing for help; and supporting the weak with the strength of your arms, thus laying down the responsibility of everyone to treat the deaf and mute with patience and courtesy’.

At Paradise Primary, we value, respect and promote the individuality of all, irrespective of ethnicity, religion, disability, attainment, or background.

Islam promotes equality as the will of God Almighty and requires mutual respect of fellow human beings. Islam teaches us that everyone deserves love, care, and respect, and this fact does not change when a person is impaired. What really matters is his or her heart and conduct.

We are enjoined to be accepting of all people regardless of their disability and include them amongst us and support them by addressing their needs.

Our school is committed to ensuring equal treatment to all its employees, pupils and any others involved in the school community, with any form of disability and will ensure that disabled people are not treated less favourably in any procedures, practices or service delivery.

The school will not tolerate harassment of any person whether a disabled person with any form of impairment or a pupil who cares for disabled parents or has disabled family members.

Aims

Paradise Primary is committed to embracing every individual and every group with the same equality and warmth and respond to the expectations and the needs of everyone in the same way.

As an inclusive school we aim to:

- Promote equality of opportunity between disabled persons and other persons
- Eliminate discrimination that is unlawful under the Act
- Promote positive attitudes towards disabled people
- Eliminate harassment related to disability
- Assess and monitor the impact of our activities on disabled people
- Encourage participation by disabled people in public life
- Make reasonable adjustments to ensure disabled children are not disadvantaged.
- Improve outcomes for disabled people.

As outlined in the Disability Discrimination Act 2005 (now incorporated into the Single Equality Act 2010.)

The DDA also requires the governing body to plan to increase access to education for disabled pupils in three ways.

- Increase the extent to which disabled pupils can participate in the curriculum.
- Improve the environment of the school.
- Improve the delivery of information.

This scheme and the accompanying action plans set out how the governing body will promote equality of opportunity for disabled people.

Definition of disability

A disabled person is someone who has a **physical or mental impairment** that has a substantial or **long term** adverse effect on his or her ability to carry out **normal day to day activities**.

- **A physical or mental impairment** includes sensory impairments, impairment relating to mental functioning including learning disabilities, long term health conditions.
- **Long Term** means an impairment that has lasted at least 12 months or is expected to last at least 12 months.
- **Normal day to day activities** cover the following categories: mobility, manual dexterity, physical co-ordination, continence, ability to lift, carry or move objects, speech, hearing or eye sight, memory or ability to concentrate, learn or understand perception or the risk of physical danger.

The General Duty

How we will meet the General Duty & Specific Duty

The disability equality scheme provides us with a framework for integrating disability equality into all aspects of school life and demonstrates how we will be seeking to meet the specific duty.

Our Accessibility Plan details the changes required to our buildings and to other aspects of our school, so that we fulfil our legal requirements, and remove barriers to inclusion for all pupils and staff with disabilities.

The main actions to be taken in the next three years to promote disability equality are described in the school's Accessibility Plan. This plan will be subject to revision and amendment at the end of the three-year period.

Reasonable Adjustments

The DDA requires schools to make reasonable adjustments to ensure that disabled pupils and users of the school are not put at a substantial disadvantage and are able to access the same opportunities as non - disabled peers.

Specifically, the school intends that disabled pupils and users will have the same access to the curriculum, to information and access to the school environment and facilities as non – disabled pupils and users.

In planning developments to deliver this intention the school considers the needs of current and future pupils and users of the school.

The main strategies to bring about reasonable adjustments in the next three years are described in the Accessibility Plan; however reasonable adjustments will be made on an individual basis according to need, by working collaboratively with disabled persons and/or their parents.

In deciding whether an adjustment is reasonable the following factors need to be taken into consideration:

- The extent to which the adjustment would prevent the disadvantage suffered by the disabled person
- The practicality of the adjustment
- The availability of financial assistance
- The financial burden of making the adjustment
- The current pupil number of the school

The school will be successful in making reasonable adjustments when disabled persons can, wherever possible, participate fully

- in the classroom
 - in the school curriculum
 - at all times and in all parts of the building
- and when*
- disabled persons feel part of the life of the school
 - disabled persons are included by their peers in all parts of school life
